

CBA'S ROLE IN NORTH CAROLINA POLITICS

CBA encourages all members to be registered voters. Voter registration forms are sent out in new membership packets to applicants who are not yet registered.

CBA strives to educate members about the legislative process on a Local, State and Federal level.

Members of CBA are encouraged to work with our *Legislative Working Party* at the chapter and state level to obtain and maintain personal and direct relationships with legislators in all levels of government.

CBA members are encouraged to work within party precincts in their districts volunteering and campaigning for candidates who support issues favoring motorcyclists in N.C.

CBA members work to educate legislators on the true facts about motorcycling, while lobbying for the efforts of all motorcyclists in their state.

CBA works to fight discrimination on all levels, and to prevent unjust legislation from becoming unconstitutional laws.

CBA / ABATE of North Carolina offers each member a neutral ground on which to stand and support other riders and enthusiasts.

*The Government only hears the
the loudest voices....*

SHARING THE ROAD

MSAP

NORTH CAROLINA MOTORCYCLE SAFETY AWARENESS PROGRAM

Sharing the road with many types of vehicles is necessary for safe highways. Because motorcycles are unlike any other vehicle on the road, they require special considerations.

While motorcycles are about as likely as cars to be involved in crashes, motorcyclists are almost three times more likely to be injured and five times more likely to be killed in a crash.

Motorcycling has become more popular in recent years. Motorcycles are fun, relatively inexpensive to own and insure, and get excellent gas mileage. Because there are more motorcycles in traffic, it's becoming even more important for drivers to share the road.

From: *A Guide for Motorists and Motorcyclists.*
Minnesota Department of Public Safety

CBA members across the state are involved in promoting and teaching motorcyclists and motorists to "Share The Road" with our Motorcycle Safety Awareness Program.

For more information about this program or to learn to be a MSAP instructor, please contact:

State Legislative Agenda

- Introduce and pass a bill to create the UNC Center for Motorcycle Safety and Crash Prevention
- Introduce and pass a bill that provides an affirmative defense for motorcyclists who must advance through automated traffic signals that do not register motorcycles.
- Increase number of voter registrations in the motorcycling community
- Introduce and pass a bill to amend G.S. 20-141.5 which establishes uniform, state-wide, "motorcycle-pursuit" policy for all law enforcement officials.
- Introduce and pass a bill that makes highway barriers more motorcyclist friendly...
- Introduce and pass a bill that prohibits discrimination against motorcyclists in all business and recreational establishments in North Carolina,
- Introduce and pass legislation that limits unnecessary and lengthy confiscation of motorcycles by law enforcement agencies.
- Introduce and pass a bill allowing motorcyclists over the age of 21 the freedom to choose appropriate safety equipment including the decision to determine the use of a safety helmet.
- Prevent the passage of anti-gang legislation that infringes on the rights of motorcyclists to assemble freely in the pursuit of their liberties.
